If you choose to add your child's photo it will display at the top of the screen when you are browsing school items on Qkr! This feature is useful if you have multiple children at the same school. To select a different child when ordering, tap on the current child's photo/name and select another child.

This saves you time by allowing you to place orders for all your children with one transaction. There is no need to use the back button and no need to place separate orders for each child.

Q. How can I be sure my child's food order has been received by the school?

A. Qkr! is the safe, secure, reliable way to pay for school food orders. Your eReceipt is confirmation that the order has been received by the school.

On canteen days the staff print stickers for each Qkr! order containing the child's name, class and order details. Orders are prepared and placed in individual bags labelled with the stickers for ease of identification.

Qkr! orders are much more efficient to prepare than cash orders. Ordering with Qkr!:

1. Speeds up preparation so canteen staff have more time to prepare and serve food;
2. Reduces the time spent on cash handling tasks;
3. Reduces the need for your child to carry cash to school, so no more worrying about lost lunch money.

Check your school's nominated cut-off time for Qkr! Orders. Food orders cannot be placed after the cut-off time, giving the canteen staff sufficient time to prepare the orders.

Q. How do I use the calendar display when placing food orders?

A. For ease of use, you are presented with a two week calendar view when placing food orders. The calendar makes it easy for you to place orders for a particular child on a particular day.

To place a food order:

1. Open Qkr! and tap on your canteen menu.
2. On the calendar view tap the date next to your child for which you want to place the order. If you have registered more than one child, the calendar view enables you to place individual orders for each child for different dates. If a date is greyed out you cannot place orders for that date, either because the canteen is not open, or because it is past the cut-off time for that day's orders. Check with your school to confirm the cut-off time.
3. Browse the menu, select items, and add them to your cart.
4. If you are ordering for more than one child you can switch between children by tapping your child's name at the top of the screen.
5. When you are ready to pay, tap 'Checkout' at the bottom of the screen and complete the payment steps.

1. Open Qkr! and tap on your canteen menu.
2. Tap 'Repeat Order' for the next week, and tap 'Yes' to confirm you want to copy the orders for the current week to the next week.

This allows you the flexibility to amend your copied orders for a specific day or for a specific child.

Q. Should I log out from the Qkr! app for security?

A. Qkr! is provided by Mastercard and is the safe, secure, reliable way to pay for school items. Registration details and card information are not stored on your phone but are saved securely on the Mastercard network.

As a security feature Qkr! automatically logs you out after 10 minutes of inactivity. You will still be able to browse the menus and add items to your cart, but you will be prompted to enter your password to submit payments.

If you wish to actively sign out after each session, you may do so, however, you won't be able to browse the menus again without logging in. An alternative is to change your settings so that you are prompted to enter your password at the 'Submit Payment' step even if you are within the same 10 minute logged in session. This saves you logging out after each session and logging in the next time.

To turn on the 'Always prompt for password on checkout' option:
Open Qkr!, tap 'Settings' and ensure the 'Always prompt for password on checkout' setting is on (green).
